important small print

In these unusual times, many cafés and village shops are doing their best to adapt and survive. This map aims to show those which are currently offering takeaway drinks and snacks.

We encourage anyone using these services to do so responsibly, and to maintain appropriate distancing on and off the premises.

Note that many businesses are only accepting cashless payment.

Many are operating on restricted days and times, and some are in a trial phase – so use the contact information to check if they are open to avoid disappointment.
